Announcements

Our Next Church Visit will be at the Camarillo SDA Church tomorrow, Saturday, March 5. Students should arrive with their instrument and music and fully dressed in their black and white performance uniform. Students in grades 5-8 should arrive at 10:15, and students in K-4 should arrive by 10:30. Students will be checking in in the fellowship hall. Parents, please help your children walk and talk quietly in the church and courtyard. Please note that all students will be required to wear masks at this performance, in line with the Camarillo church policy and current State policy.

Camarillo SDA Church

3975 Las Posas Rd, Camarillo 93010

Mask Policy Update: The California Department of Public Health will be removing the school mask mandate on March 11. At that point, Linda Vista will no longer be requiring masks indoors.

We understand that different families have different comfort levels and needs regarding the virus. If you would like your child to continue to wear a mask indoors, we support that and have a supply of N95 masks we can provide for your child's safety until we run out.

Late Start: We are excited that our Robotics teams will be traveling to the San Jose area this weekend for a competition. Unfortunately, it will be a whirlwind trip, with the students, chaperones, and sponsoring teachers arriving back very late on Sunday evening. To help make sure that the participating students and teachers will be able to function well the next day, we will be having a late start for the whole school on Monday, March 7. Classes will begin at 9:00 on that day.

We recognize that parents' schedules have not changed though, so we will be providing regular childcare starting at 7:15, and free childcare starting at 7:45. Feel free to bring your child at the regular time, and they'll be able to play outside until we line up at the flag pole at 9:00. If you see a Robotics team member, wish them well!

STEAM Lab Contest: Join us for our toothpick bridge contest next Friday, March 11, from 11:00-12:30 as we test our students' bridge designs. SPH Architects will be joining us to help judge the bridge designs and to inspire our kids.

End of Quarter 3 is next Friday, March 11! We will be holding parent teacher conferences from 8:00-12:00 on the following Friday, March 18. (These conferences are optional unless your child's teacher requests a conference.) We prefer to meet in person, but we can also meet over Zoom if necessary. If you'd like to sign up, reserve a spot at <https://www.signupgenius.com/go/>

Kathryn- March 16
Christopher- March 19
Evan- March 24

Distance-Learning Day - For students, Friday, March 18 will be a distance-learning day, and students will need to complete assignments at home. School attendance for that day will be based on completion of the assignments.

Work Bee - We'll be holding a work bee on Sunday, March 13 from 9:00-12:00. We need help with general items like landscape maintenance (weed whacking, weeding garden beds, trimming bushes, etc.). We would also like to work on our builder's club and gardening areas: nailing pickets, staining fences, painting a bench, digging a trench for a new water line, and more. We would love your help!

Previous Announcements

Re-Enrollment Process

1. At your earliest convenience, download the re-enrollment packet from lvaes.org/returning. When finished, you can upload electronically using the link at lvaes.org/returning or print and submit to the office.
2. Your child will complete the re-enrollment essay in class, so you do not need to worry about this.
3. On or before June 1, pay the re-enrollment fee. We will send out an electronic invoice around May 20 for payment by June 1. (The full re-enrollment fee is \$450, but you will receive a \$50 discount if you pay by June 1.)

Spring Service Project - We are coordinating a school-wide service project for this spring. Do you know someone in our community who could use some extra support? Maybe some help around the yard, an outdoor visit and song, or just some cards in the mail? If you know of someone, please let us know by filling out the form at lvaes.org/service or emailing Mr. Fox at principal@lvaes.org.

We will also need parent chaperones and drivers. If you would like to help with this service project, please let Mr. Fox know as soon as possible!

STEAM Lab Dissections - We are excited to announce that Hazel Reyes, an LVAES alumna who recently graduated from Loma Linda University as a Clinical Lab Scientist, will be guiding our STEAM Lab students through three dissections in March and April: worms, grasshoppers, and frogs.

Basketball Schedule

Monday	3/7	No Games
Tuesday	3/8	5th and 6th boys @ Ventura Missionary, game starts at 4:00 7th and 8th girls @ Ventura Missionary, game starts at 5:00
Wednesday	3/9	No Games
Thursday	3/10	7th and 8th Girls @ Ventura Missionary 5:00
