

# Walk Through The Bible 2024 Museum Night

## What is Museum Night?

Each year, Linda Vista hosts a Museum Night where students bring history to life. Each student chooses a historical person from an approved list. Students then research that historical figures and then bring their character to life in our museum. This includes writing a speech, creating a simple backdrop and props,

and dressing in costume. As visitors explore each room in the museum, the historical characters take turns coming to life and talking about themselves, their lives, and their accomplishments that made them famous. This is an excellent event to invite family and friends to. We'll walk your children through this process and provide you with details to support them on the homefront.

## MUSEUM NIGHT TIMELINE
