

Linda Vista Adventist Elementary School

"Where children grow closer to God while learning to master the world"

1:1 iPad Agreement

Linda Vista Adventist Elementary School is implementing a 1:1 Apple iPad program to provide our teachers and students with tools for the best education possible. We are highly encouraging, but not requiring, each student to have an Apple iPad and keyboard case that he/she can take to and from school. Families may use an iPad that they personally own, or they may lease-to-own an iPad/keyboard case from LVAES, but any device that a student brings to school must have Securly installed and be filtered and managed by LVAES.

Please select one of the following options:

1. No Device

- My child will not be bringing an electronic device to campus.

Date

2. Bring My Own Device

- I will provide a tablet for my child to use at school.
- I recognize that in order for my child to bring a device, Securly must be installed on the device, allowing LVAES to filter and manage the device.
- I understand that this installation requires a clean reset of the device, resulting in the erasure of all content. I have backed up whatever information I need.
- I understand that Securly filters content, manages apps, guides access, and allows LVAES to see users' activity.
- I agree to pay \$19 per year to cover the cost of the Securly subscription.
- I understand I can remove LVAES as the manager of my device. However, each re-installation of Securly will be charged a \$20 service fee.

3. Lease-to-Own

- I will lease to own an Apple iPad, 7th generation, 32 GB (model MW742LL/A) and a Logitech Rugged Folio keyboard case from LVAES. iPad serial number:
_____.
- I agree to lease this iPad for \$150 per year, broken up into 10 monthly installments of \$15 each. After a total of \$450 in lease payments, I have the option to purchase

the iPad for \$10. If I leave LVAES before \$450 in lease payments are made, I have the option to purchase the iPad for \$460, minus the total lease payments already made.

- I understand that Securly must be installed on the device for the duration of the lease, allowing LVAES to filter and manage the device.
- I understand that Securly filters content, manages apps, guides access, and allows LVAES to see users' activity.
- I am taking possession of a brand-new iPad and Rugged Folio case. I will return both the iPad and the case in like-new condition.
 - In the event of damage, I agree to repair the iPad to like-new condition or replace it with an iPad in like-new condition.
 - Upon return of the iPad, I agree to pay \$10 per scratch, significant or minor, to the iPad.
 - I understand that I have the option to purchase insurance to cover screen, drop, and spill damage to the iPad. This insurance does not cover theft or lost items.

My choice is as follows:

- I choose to **purchase** damage insurance for this iPad for \$35 per year, and I understand there is a \$49 deductible per damage event.
- I choose to **decline** damage insurance and, in the event damage occurs, will repair or replace the iPad to like-new condition at my own expense.
