Announcements

El Rio Church Performance is tomorrow, February 22. This is a whole-school church performance, and each student will play an integral role. So please be sure your child is able to attend! Students should arrive at 10:40, in their church performance attire. Boys should be in a white buttoned down shirt, black slacks, and black dress shoes. Girls need to be in a black skirt (at or below the knee in length), white collar shirt, black dress shoes. Families are invited to stay for lunch following the service, and parents please supervise your child and help them respect the church environment. Students need to be with their parents after the performance. Church address: 2670 Alvarado St., Oxnard.

Ventura Church Performance Rescheduled- Due to a schedule conflict, we have rescheduled the Ventura church performance to April 26. We apologize as we know that many families have arranged their schedules to accommodate the original dates on the calendar. If you are not able to accommodate the April 26 date, please let us know as soon as possible so Mr. DeWitt can make appropriate musical arrangements.

Input Needed for Parent & Son Bonding Event - For many years, Linda Vista has held an annual Father Son Golf event at Golf 'n Stuff. This year we are exploring the possibility of holding a Parent & Son rock climbing event instead of Golf 'n Stuff. Either event would be approximately \$25 dollars per person, would last for about two hours, and would most likely include pizza. We need to decide and make reservations soon. If you have a son at Linda Vista, would you please share your input on this possible break in tradition?

End of Quarter 3 is in three weeks! Please help your child check his/her progress report this Sunday at noon and encourage him/her to talk to a teacher to get help catching up.

Library Books! - Thank you to each parent who has been dedicated about regularly taking their children to the library. We have heard from many students who testify that this is helping them grow in their love for reading, and the test scores prove it. Our median reading score increased from the 48th percentile in the fall to the 59th percentile this week!
